

WHO WE ARE

For 15 years, Forgotten Voices has been innovating orphan care by partnering with local churches to create safe, loving, and sustainable homes for vulnerable and orphaned children in southern Africa.

Our vision is every child will experience the love of God and the security of a family, church and community.

We accomplish this working through the local church to provide custom programs that include these core areas:

1. Education
2. Trauma-Informed Care
3. Discipleship
4. Economic Empowerment
5. Parenting Support.
